Usability

Objective:
Capture 2 Red
Monsters

La Boîte is a think tank that fuels your multimedia projects and marketing campaigns with tailor-made, innovative ideas, delivered in a consistently distinctive style.

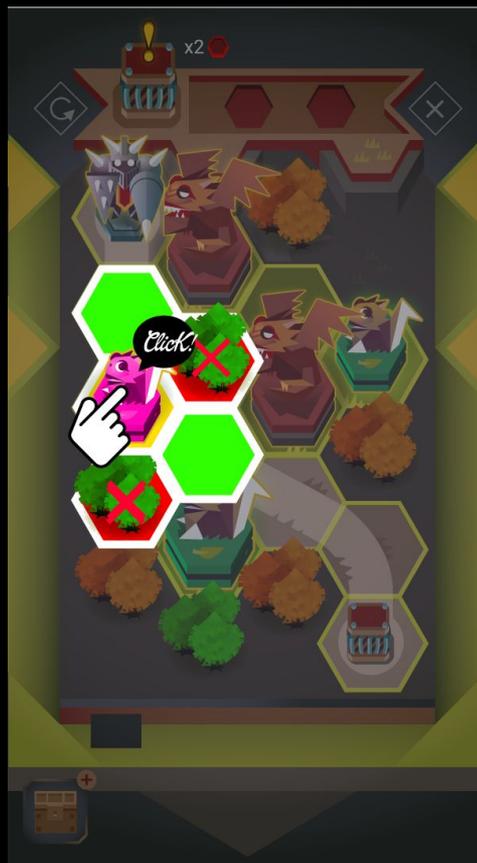

Usability

Sleeping Hunter Saga can be played with **just one finger**.

The goal is to capture the monsters after putting them to sleep by moving them across a hexagonal grid toward their meal.

When you tap on a character, visual cues appear to indicate the possible moves the creature can, or cannot, perform.

Features

Examples:

To capture an awake blue monster, you will need to craft the blue armor and the blue spear; to cross a river, you will need to equip amphibious armor, and so on.

Knowing the monsters you are about to face, combined with choosing the right equipment, can make all the difference.

The logo features the word "SLEEPING" in a large, stylized, white font. Above the "I" in "SLEEPING" is a small, brown, spiky monster with its eyes closed and a small "Z" above its head, indicating it is sleeping. Below "SLEEPING" is the word "HUNTER" in a smaller, white, sans-serif font. A horizontal line with diamond-shaped ends separates the two words.
